ini (for backup purposes) and open it (the original) in Notepad • Find the line: Key\_Block = TriggerBlock (Because of whitespace, a search for just Key\_Block is recommended) • Change it to this: Key\_Block = TriggerBlock true! OnRelease TriggerBlock false • Save your changes and close out of the config file.. • Since default for block is now the key you assigned in the config the default controls will reflect this; you can now change the remaining controls to your preference.. However, regardless of focus or key-bindings, the action cannot be executed • Find the folder: Origin Games Alice Madness Returns - The Complete Collection Game Alice2 AliceGame Config Default Input • Find the line:
